SESSION OF THE CITY COUNCIL

Councilman Powers Attacks Waterworks Company for Not Improving Reservoir.

PURITY OF WATER IN ANALYSIS

Clark Must Answer for Murder of Jones—More Praise for Tabernacle Choir—Weber County Affairs.

Ogden, Sept. 17.—At last night's session of the city council, Councilman Powers continued his attack on the waterworks company. He called attention to the analysis given out by the waterworks department and said it meant nothing as the men who made it were not experts. He maintained that the water company should make improvements and clean the reservoir, as promised when the franchise was granted them.

The special committee appointed to look into the proposition of building a levee along the Ogden river submitted a report recommending that if a dam was constructed it be placed several feet back from the banks of the river; that in several places a new channel be built; also that the legal department of the city investigate the liability of the city in case damage should result after the levee is built. In this condition the question went to the laws committee and the city engineer. Councilman Thomas took exception to the engineer report and insisted that the provisions of the law were not being obeyed. The matter was referred back to the fire chief, together with the fire committee for a more complete report. The question of erecting a foot and wagon bridge across the Ogden river in diagonal addition was referred to the street committee after the city engineer had reported that to erect it would mean too large an expense. The appointment of E. T. Erickson as a police officer was confirmed.

WATER IS PURE.

Chemists Certify to Cleanliness of Water Supplied Ogden People.

Ogden, Sept. 17.—To the people of Ogden will come with great satisfaction the report of the chemist and doctor, who have made a careful examination of the water of the Ogden Waterworks company, to the effect that the water is practically pure, thus putting to rest the report made to the Ogden city council that the water is impure and was causing the spread of typhoid fever germs. Comparatively speaking, Ogden has been unusually free from contagion and infectious diseases this summer, due no doubt to the purity of the water and the sanitary condition in which the property and buildings have been kept throughout the city.

The report of the committee is as follows: Sanitary examination of water from the reservoir of the Ogden Waterworks company.

Specimen obtained September 9, 1907, by the undersigned personally. Chemical Examination.—The water was perfectly clear, colorless, odorless and nearly tasteless. Total solids: 33 parts in 1,000,000, of 13 grains per gallon, which is perfectly normal. Free ammonia: .023 parts in 1,000,000, or .037 grains per gallon. Albuminoid ammonia: .160 parts in 1,000,000, or .023 grains per gallon.

Bacteriological Examination.—No typhoid organisms were found. There were found many varieties of so-called "saprophytic organisms," ordinarily harmless and common to surface waters to a greater or less extent. (Signed) JOHN CULLEY, Ph. G.

TO BE CHARGED WITH MURDER.

Claude C. Clark Must Answer for Killing of Louis Jones.

Ogden, Sept. 17.—District Attorney Halverson and County Attorney Harris after a consultation yesterday afternoon, following the coroner's inquest into the killing of Louis Jones, who was shot and killed Saturday evening in the Assembly club rooms, decided to charge Claude C. Clark, who fired the fatal shot, with murder in the first degree, but it is doubtful if a conviction can be obtained against him with a jury. The complaint was sworn to by Robert Jones, brother of the deceased.

A coroner's inquest was held before Judge Murphy yesterday afternoon, the jury being composed of James Cassin, Fred Ballantyne and J. H. Knaus. The testimony of a number of eye witnesses to the shooting was taken, which showed that Jones, Clark, Hedspath and Cowden were at a table shooting craps. Clark appeared to be out of sorts and was not playing fair. Cowden asked him to be a gentleman, and not to make a row, and when Cowden bent forward to pick up the money, it is said Clark pulled the pistol and struck him over the head, at the same time the gun exploded, the bullet killing Jones. The coroner's jury brought in a verdict, "that Louis Jones came to his death from the effects of a gunshot wound, caused by the discharge of a bullet from a .38-caliber revolver held in the hands and discharged by one C. C. Clark."

The defendant has employed Attorney J. C. Davis to defend him in the murder trial.

WEBER COUNTY AFFAIRS.

Contract Let for Remodeling Infirmary—Will Inspect Canyon.

Ogden, Sept. 17.—The board of county commissioners of Weber county has opened the bids for the remodeling of the county infirmary and awarded the contract to Isaacson and Gunnarson whose bid was \$1,553 while the other bids were over \$1,700. The work will be commenced at once so as to be able to get it completed before the cold weather. There was only one bid for the plumbing and steam fitting, hence the letting of that part of the contract was laid over. C. Morris was awarded the contract for the painting and paper hanging in the courtroom.

Next Saturday morning at 10 o'clock a special meeting of the board and all the health officers of the county will be held at the courtroom. Commissioner Moore reported having contracted for lumber for the county's use at \$27.50 per 1,000 feet.

The board decided to make a tour of inspection this week of Ogden canyon and the valley. Surveyor Craven reported that the abutments over the new bridge at Utah are completed ready for the bridge when it arrives. Commissioner McKay reported that he had been unable to secure sufficient labor to construct the fence in Ogden canyon.

SHOCKING DEPRAVITY.

Detective Pender placed under arrest yesterday afternoon, at the request of a broken hearted young husband, named John Ford of Salt Lake City, the ruler of his happy home, George G. Carwell, also the young wife of the Salt Lake. A charge of adultery may be placed against them. The woman claims that Carwell enticed her from her home and they have been living as man and wife at a local lodging house for some time. He is a solicitor for the Chicago Portrait company, and met the young woman, who is attractive in Salt Lake. She at first denied being Mrs. Ford but later broke down and told the officers the sad story of her downfall.

ITALIAN ALIENS IN JAIL.

The United States federal authorities

are investigating the circumstances of the bringing to this country of an Italian woman named Elisabeth Bernardo, who is now confined at the city jail, together with the man Tony Bernardo, who is charged with having brought her to this country. The woman claims to be his wife, but the police do not credit her story, as the life it is claimed she has been living does not bear out the same. The charge that may be placed against Bernardo is a procurer, as it is claimed he brought the woman to America for immoral purposes. Should the information now being investigated by the officers prove true, he will not doubt serve a term in the penitentiary and the woman will be deported to Italy.

MORE PRAISE FOR CHOIR.

Chairman of Executive Committee Sends Laudatory Letter.

The praises of the work of the Ogden tabernacle choir on its recent trip to California, are being sounded on every side. The latest mark of appreciation and praise has come from Chairman W. A. Beard of the executive committee of the National Irrigation congress, who wrote to Prof. Joseph Ballantyne the following: "I want to express to you and to the others of the tabernacle choir my appreciation of your visit to this city, and especially of your rendition of the Irrigation Ode at the opening of the irrigation congress."

"The session has been a magnificent success and much of the credit must be due to the inspiration of the Ode so beautifully sung by your choir. The great work of reclaiming the desert cannot fail to be given a new impetus every time the magnificent Ode is sung by the Ogden tabernacle choir."

A. BEARD.

DRAKE-HADLEY NUPTIALS.

A license to wed was granted by the county clerk to George W. Hadley, 21, of West Weber, and Miss Rose Drake, 19, of Wilson, Weber county.

BRIEFS AND PERSONALS.

Henry Weslar has commenced suit in the district court against F. J. Hulgert to recover \$150 alleged to be due on a loan. Clarence U. and the little two and a half year old son of Mr. and Mrs. Charles A. Rundquist, died Sunday night at the home of the latter, buried today from the ward meeting house. Milton Simms and wife, who have been visiting in Ogden with George Lochhead and family, have returned to their home at Salt Lake City.

The personal injury suit of Joseph Williams against the Rio Grande Western is now on trial in the district court before Judge Howell, and a jury.

The home of Henry Emmett has been made happier by the arrival of another baby girl.

CITY COUNCIL SESSION.

New License Ordinance—Salt Lake Opera Company Thursday.

Provo, Utah, Sept. 17.—At the meeting of the city council last night the new license ordinance was taken up and passed its first reading and was then laid on the table till the next meeting. There are some changes in the bill as proposed. For instance, for license holders are required to pay a license of \$5.00 a day. They have hitherto had no license to pay. Merchandise peddlers will pay a license of \$50 a year or \$5 a day. Peddlers of bicycles, wagons, etc., are to pay \$50 a quarter or \$5 a day. The matter of obtaining election supplies for the coming city election was referred to the committee on elections. Dr. J. H. Slater, city physician, resigned the position because of the insufficiency of the salary. Resignation accepted.

F. Bachman et al presented a communication calling attention to hay being piled on the bank blocks. Referred to the committee on judiciary and the city attorney.

The question of holding an election for an electric light plant to be owned by the city, was made the special order for next meeting.

WEDDING BELLS.

David Baxter, of Goshen, and Daisy Jones of Mammoth, were married here yesterday by Justice Noon. Marriage licenses have also been issued to the following couples:

OF INTEREST TO MANY. Forey's Kidney Cure will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. No medicine can do more. For sale by F. J. Hill Drug Co., "The Never Substitutes."

MOUNT PLEASANT.

SUGAR FACTORY FOR 1909.

Claimed That Success is Assured by Year's Postponement.

Special Correspondence. Mt. Pleasant, Sept. 15.—Mrs. Niels Larson, Sen., an aged widow, was thrown by a cow, which she was leading, one day this week and received serious injuries. Her right arm was badly broken in two places. Although the lady is 70 years of age, she is getting along nicely. Mrs. W. D. Candland entertained some

Frank Kinkel of Salt Lake and Bell Jackson, of Provo. Clarence H. Gates and Ethel Allred, both of Lehi. G. T. Robey and Esther W. Whitmore, both of Provo. John Yates of Mercur, and Helen Mar Wilcox, of Cedar Fort.

SALT LAKE OPERA CO.

The opera to be given Thursday night by the Salt Lake Opera company, is now the general topic of conversation among the musical people, and amusement lovers, generally. It is safe to say that the "standing room only" sign will be displayed.

BOY INJURED.

T. C. Gruneman, Jr., the 16-year-old son of T. C. Gruneman of this city, was seriously injured in Europe last week and brought to his home here for treatment. He fell from a building on which he was at work and broke his left arm, dislocated his right wrist and suffered a severe scalp wound. Dr. Slater reports the case progressing favorably.

GARDEN CITY NOTES.

Suit has been commenced by Isaac N. Whitaker against Niels Thorsen, et al., for \$1,000, for overhauling plaintiff's land at Lake Shore.

Councilman Gray had his right hand badly crushed yesterday while assisting in starting a wagon on the sidewalk paving work.

Joseph Nelson, architect of this city, will leave tomorrow for Philadelphia to take a two year's course of study in architecture. He will be accompanied by his family.

The funeral services over the remains of Mrs. Maria Whipple were held Saturday in the Third ward meeting-house, the speakers were Elders Walter Scott, James W. Lovelace and H. E. Duffin.

Piles Quickly Cured at Home.

Instant Relief, Permanent Cure—Trial Package Mailed Free to All in Plain Wrapper.

Piles is a fearful disease, but easy to cure if you go at it right. An operation with the knife is dangerous, cruel, humiliating and unnecessary.

There is just one other sure way to be cured—painless, safe and in the privacy of your own home—it is Pyramid Pile Cure.

Send a trial package free to all who write. It will give you instant relief, show you the harmless, painless nature of this great remedy and start you well on the way toward a permanent cure.

Then you can get a full-sized box from any druggist for 50 cents, and often one box cures.

Insist on having what you call for. If the druggist tries to sell you something just as good, it is because he makes more money on the substitute.

The cure begins at once and continues rapidly until it is complete and permanent.

You can go right ahead with your work and be easy and comfortable all the time.

Is well worth trying. Just send your name and address to Pyramid Drug Co., 92 Pyramid Building, Marshall, Mich., and receive free by return mail the trial package in a plain wrapper.

Thousands have been cured in this easy, painless and inexpensive way, in the privacy of the home, and without the use of knife and its torture. No doctor and his bills. All druggists, 50 cents. Write today for a free package.

SUGAR FACTORY FOR 1909.

At a meeting of the committee working on the proposed sugar factory for north Sanpete, it was decided not to begin canvassing for acreage until Oct. 10. Preston N. Lund of this city was added to the committee.

It has been decided to not attempt to get the factory in operation for the crop for 1909, but the idea is to have everything ready for the crop next year. But in putting it off another year, no fear is entertained. A better response to the canvassing for acreage would be the result, which is to be continued during the coming winter. The matter will again be taken up in October and there will be no let up until everything is settled definitely one way or the other.

GOOD PRICES FOR HAY.

Bishop Daniel Rasmussen, working for the Salina firm, shipped five cars of hay at \$10 a ton this week. More is to be sent soon.

SUCCESS OF DRY LAND FARMING.

The dry land wheat crop in the Cedar hills, northwest of this place, has been harvested, and for the benefit of others who may be interested in this line of work, the following data have been obtained:

The ground is slate colored clay loam soil, where nothing but wild grass, sagebrush and cedar has ever been grown, situated on the north side of the Sanpich river. The land was cleared of sagebrush and ploughed about 8 inches deep, thoroughly harrowed twice, 30 pounds of grain per acre was put in with a disc drill about 4 inches deep. The planting was finished about Oct. 25, 1906, at a total expense of \$5.50 per acre. A nice rain fell Sept. 1 and Nov. 11 and 12, the thermometer fell to 6 and 12 degrees below zero. Snowfall for the season was below the average, and the spring rain fell slightly above the average. The crop was cut about the first week in August and threshed soon as the weather conditions and other unavoidable delays would permit. An average of 20 bushels per acre was the yield.

CHAMBERLAIN'S COUGH REMEDY.

ONE OF THE BEST ON THE MARKET.

For many years Chamberlain's Cough Remedy has been constantly in favor and popularity. It is a domestic remedy, made of pure ingredients and has an enormous sale. It is intended especially for acute throat and lung troubles, colds, coughs and croup, and can always be depended upon. It is pleasant and safe to take and is unequalled for which it is intended. Sold by all druggists.

SUNNYSIDE.

Church Basket Party—New Arrivals—More Cakes Ovens.

Special Correspondence. Sunnyside, Carbon Co., Sept. 12.—The ladies of the Presbyterian church gave a basket party in the latter-day Salt Lake church last Wednesday evening and a fine program of songs, recitations and musical selections was rendered, after which Rev. L. Green and Bishop Samuel Dugmore both addressed the party, and expressed themselves as being pleased that the members of both churches were so united in the cause. The baskets were then sold to the highest bidder, the proceeds to go to pay for an organ for the Presbyterian church.

The many friends of Mrs. J. E. Sharp are glad to see her back to Sunnyside, where she will make her home this winter. Mr. Sharp is at ranch eight miles west of here.

The D. & R. G. railway has extra cars of goods here laying tracks to the new coke ovens which the Utah Fuel company is just lighting.

NO RACE SUICIDE.

A daughter was born to Mr. and Mrs. A. A. LeRoy and twins, a boy and girl to Mr. and Mrs. Fred Hoffman, and a son to Mr. and Mrs. William Morrison this week.

DEATH OF A BABY.

De Lon, the 8-months-old son of Mr. and Mrs. James Westfield died of cholera infantum after 12 hours' illness.

ESCALANTE.

ANOTHER PIONEER CALLED.

Edwin Twitchell Answers Summons at Close of Eventful Career.

Special Correspondence. Escalante, Garfield Co., Sept. 12.—On the 8th inst., the death of Edwin Twitchell occurred at this place. He was the son of Ephraim and Melissa Knight Twitchell, and was born May 29, 1836 in McDonough county, Ill. His father endured the persecutions in and around Nauvoo of which Edwin had a vivid recollection. He also remembered the Prophet, Joseph Smith, though he was only eight years old at the time of his martyrdom. After coming to Utah, the family stayed at Ogden for a brief period, his father having built one of the first houses there, when he left and went on to California. This move was induced by the oldest brother of Edwin, Ansel, who was a member of the Mormon battalion and on his return from California prevailed on his father and family to continue west from Ogden.

Their stay in California was for a period of a few years only, when they move back to Utah was made. This time the family settled at Beaver, where the father and mother remained

until death. At Beaver Edwin Twitchell married Vesta Lucetta Bishop, then of Fillmore.

From Beaver he moved with his family to Overton, Nev., serving on the Moody mission for a period of six years, acting as second counselor to Bishop Helaman Pratt, and was one of the last to leave the Muddy.

After returning to Beaver for a stay of four years he came here and assisted in establishing this place, and remained here until his demise.

He served for 25 years as first counselor to Bishop Andrew P. Schow of this ward and was ever an enthusiastic worker in ecclesiastical affairs as well as civil.

His wife, four sons, and two daughters survive him, and were all at his bedside when the end came.

In the passing of Elder Twitchell a great and good man goes to meet the stars, being unexcelled from the family will miss a kind and loving father's advice, the community will miss a useful citizen, and the Church an able defender.

PRESTON, IDAHO.

DIVISION OF ONEIDA COUNTY.

Auspicious Opening of Oneida Stake Academy—New Bridge Over River.

Special Correspondence. Preston, Oneida Co., Idaho, Sept. 14.—Through the efforts of the Commercial club a contract has been finally closed with an Omaha firm for the building of a steel suspension bridge to be erected over Bear river directly west of the center of town. This bridge will facilitate travel between the east and west sides of northern Cache valley. It will be of great worth to the Dayton and Preston districts. Bridge material is now being unloaded from the cars in Preston and hauled to the river under the direction of the Preston Commercial club.

INCREASING BEET ACREAGE.

The business men and farmers of Preston are making an effort to increase the beet acreage for next year. According to the report of the Idaho factories, an effort is also being made to get the same price for their beets as the Idaho factories pay. In "poor" Cache valley the farmers are still required to pay the freight on their beets to the factory. Preston is raising more sugar beets this year than ever before and within the next few years if the acreage continues to increase it is not at all unlikely the people of Preston will demand a sugar factory to be built here.

According to the report of the field agent of the sugar company, Mr. Geo. C. Parkinson has the largest acreage of beets in Preston. He reports that the beet acreage is in fine condition, showing that the soil here is well adapted to beet raising.

DIVISION OF ONEIDA COUNTY.
